
Journal of Physics B

Atomic, Molecular and Optical Physics

This is to certify that the article

High-order harmonic generation with μJ laser pulses at high repetition rates

by C M Heyl, J Güdde, A L'Huillier and U Höfer

has been selected by the Editors of *Journal of Physics B: Atomic, Molecular and Optical Physics* for inclusion in the exclusive 'Highlights of 2012' collection. Papers are chosen on the basis of referee endorsement, novelty, scientific impact and broadness of appeal.
